REV 012022

Mercedes-Benz

Lubrication (ASSYST Plus Service A)

Model Dependent

Every 6 months/10,000 km intervals, whichever comes first or every 1 year/15,000 km intervals, whichever comes first.

Complete Drain and Replace

- Mercedes-Benz approved fully synthetic engine oil (supplied direct from oil company)

Lubricants and Parts Replacement

- Engine oil filter

Check and Top-up

- Fluid level of windshield washer
- Fluid level of power steering
- Tyre pressure, including spare tyre
- Fluid level of rear window washer system#
- Radiator coolant level
- Radiator coolant/water ratio
- Brake fluid level
- Transmission fluid level

Electrics

- ASSYST system reset
- Control units function check with XENTRY Solutions
- Horn function and operation checks
- Windshield wiper function and operation checks
- Headlamp wiper function and operation checks#
- Rear window wiper function and operation checks#
- Central locking function and operation checks
- Closing assist function and operation checks#
- Battery test (perform battery load test and alternator performance test)*

Lights

- Hazard warning signal function and operation checks
- Turn indicators function and operation checks
- Indicator lamps, symbol function and operation checks
- Front and rear lamps function and operation checks

Tyres and Rims

- Tyres condition checks
- Alloy rims condition checks (only upon wheel rotation)
- Rim bolts condition checks (only upon wheel rotation)
- Rotate and balance tyres (optional)

Engine

- Engine compartment wash

Brakes

- Front brake pads overall thickness checks
- Rear brake pads overall thickness checks
- Front and rear brake discs condition checks
- Parking brake function checks

Others

- Windshield wiper blade condition checks
- Windshield wiper spray nozzles condition checks
- Headlamp wiper spray nozzles condition checks#
- Rear window wiper blade condition checks#
- Rear headlamp wiper spray nozzles condition checks#
- Seat belt condition checks

If applicable

*On separate order — battery load and alternator performance tests are recommended at lubrication/maintenance service for vehicles with extremely low usage (below 5,000 km annually)

Maintenance (ASSYST Plus Service B)

Every 2 years/30,000 km intervals, whichever comes first.

Complete Drain and Replace

- Mercedes-Benz approved fully synthetic engine oil (supplied direct from oil company)
- Brake fluid (includes bleeding)

Parts Replacement

- Engine oil filter
- Air filter
- Dust filter

Check and Top-up

- Fluid level of windshield washer
- Fluid level of power steering
- Tyre pressure, including spare tyre
- Fluid level of rear window washer system#
- Radiator coolant level
- Radiator coolant/water ratio
- Brake fluid level
- Transmission fluid level

Electrics

- ASSYST system reset
- Control units function check with XENTRY Solutions
- Horn function and operation checks
- Windshield wiper function and operation checks
- Headlamp wiper function and operation checks#
- Rear window wiper function and operation checks#
- Central locking function and operation checks
- Closing assist function and operation checks#
- Battery test (perform battery load test and alternator performance test)*

Lights

- Hazard warning signal function and operation checks
- Turn indicators function and operation checks
- Indicator lamps, symbol function and operation checks
- Front and rear lamps function and operation checks

Tyres and Rims

- Tyres condition checks
- Alloy rims condition checks (only upon wheel rotation)
- Rim bolts condition checks (only upon wheel rotation)
- Rotate and balance tyres (optional)

Engine

- Engine compartment wash
- Engine V-belt condition checks
- Major components leakage checks
- Check chafing, routing of lines and damaged components

Brakes

- Front brake pads overall thickness checks
- Rear brake pads overall thickness checks
- Front and rear brake discs condition checks
- Parking brake function checks

Others

- Windshield wiper blade condition checks
- Windshield wiper spray nozzles condition checks
- Headlamp wiper spray nozzles condition checks#
- Rear window wiper blade condition checks#
- Rear headlamp wiper spray nozzles condition checks#
- Seat belt condition checks
- Major components leakage checks
- Check chafing, routing of lines and damaged components
- Front suspension joints condition checks
- Track rod and drag link joints condition checks
- Body check for damages
- Chassis, body components check for damage and corrosion
- Paint condition checks

If applicable

*On separate order — battery load and alternator performance tests are recommended at lubrication/maintenance service for vehicles with extremely low usage (below 5,000 km annually)

Full Maintenance (ASSYST Plus Service B+)

Every 4 years/60,000 km intervals, whichever comes first.

Complete Drain and Replace

- Mercedes-Benz approved fully synthetic engine oil (supplied direct from oil company)
- Brake fluid (includes bleeding)
- Coolant
- Auto transmission fluid

Lubricants and Parts Replacement

- Engine oil filter
- Air filter
- Dust filter
- Auto transmission fluid filter
- Fuel filter#
- Spark plugs#

Check and Top-up

- Fluid level of windshield washer
- Fluid level of power steering
- Tyre pressure, including spare tyre
- Fluid level of rear window washer system#
- Radiator coolant level
- Radiator coolant/water ratio
- Brake fluid level
- Transmission fluid level
